

Increase of Academy Published Admission Numbers

One In A Million Trust are inviting comments and viewpoints as part of the formal consultation process for the proposal to increase the academy's Published Admissions Number from 75 to 90. This consultation will run between the 27th November 2025 until the 23rd January 2026.

One In A Million Free School, over the past 3 years, has received an average of 254 students applying for a place in Year 7. On average over the past 3 years there are 12 students who are not allocated a place on National Offer Day.

An increase in numbers would provide the school with approximately £125,700 in additional GAG funding, per year group, per year, making budgetary planning, recruitment and curriculum design more sustainable.

Other schools in the area have recently increased their PAN. The new PAN will ensure more first choices receive a place at the academy.

We welcome your feedback
